## NEW STOCK LOCATION SELECTOR

Stock can now be viewed and ordered from 2 different locations using the location selector on the top right side of the screen.

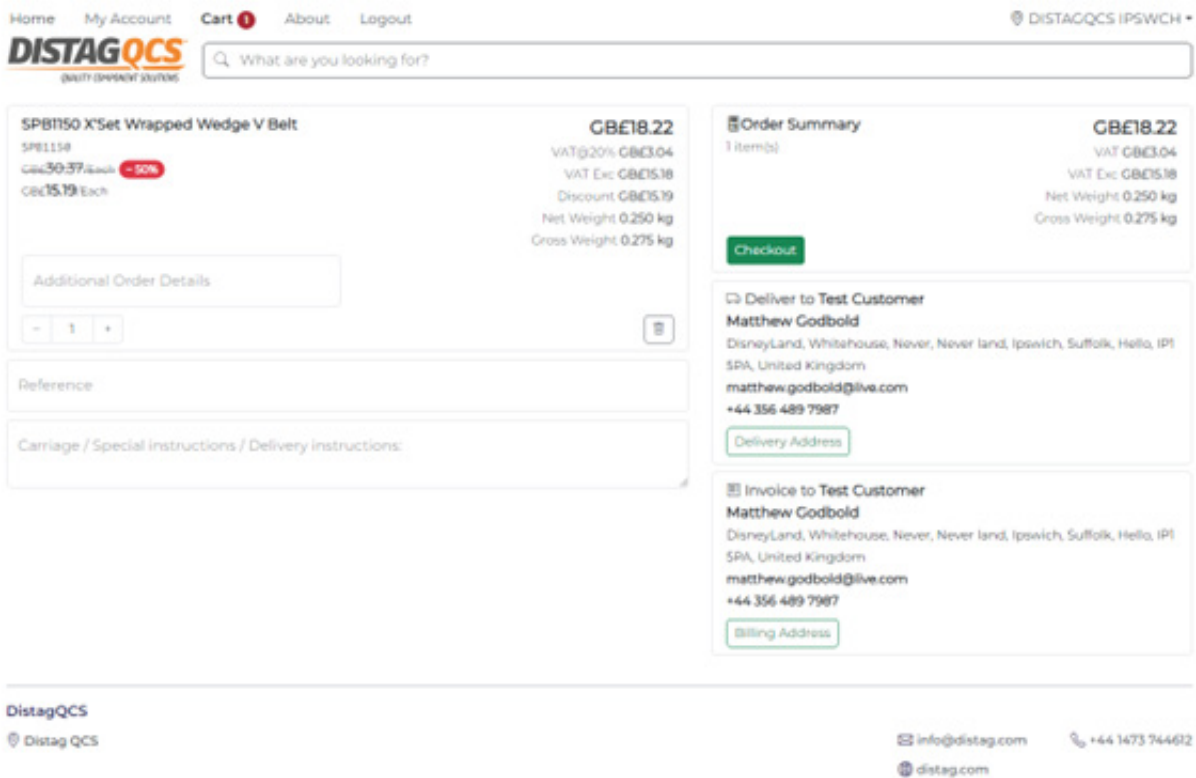

Both locations show what stock is available to order for your desired product. The locations can be selected whilst browsing the product listing, giving you a clear indication of where the stock will be delivered from.

NOTE – Products selected from Dungannon could have a longer delivery time.

## NEW SHOPPING CART DETAILS

The new Shopping cart shows your products in more detail including Net weights, Discount values applied, VAT details and Product details.

The checkout shows all the added customer delivery details as well as a breakdown summary.

The Reference entry box and special details boxes have been redesigned with allowing more text to be entered.

### NEW ADDITIONAL ORDER DETAILS FEATURES

The product selection box now has a new function called Additional Order Details, where you add more details or instructions needed for your ordered product. See example

The additional information is added to all order confirmation emails as well as sales orders, Invoices and delivery notes.

### NEW SUBMIT ORDER PAGE

Submit order summary page has been redesigned to show more information about your order
